PROFILE

I am a highly motivated and results-oriented web developer with a passion for creating beautiful and functional websites. I have understanding of HTML, CSS, and JavaScript, as well as experience with a variety of CMS. I am also proficient in responsive design and cross-browser compatibility.

EXPERIENCE

ONEDIGITAL

MAY 2022 – Present

Web Developer

- Develop and maintain WordPress, Shopify, Webflow and Wix websites, ensuring functionality, responsiveness, and user experience.
- Write clean, efficient, and well-documented HTML, CSS, and JavaScript code to implement design features and interactive elements.
- Customize WordPress themes and plugins to meet client specifications and project requirements.
- Collaborate with designers, project managers, and other developers to translate design mockups and wireframes into functional web pages.
- Troubleshoot and debug issues, ensuring cross-browser compatibility and optimal performance across various devices.
- Implement SEO best practices to enhance website visibility and search engine rankings.
- Integrate third-party APIs and services for e-commerce functionality, payment gateways, social media, etc.
- Provide technical support and guidance to clients, addressing inquiries, resolving issues, and offering training as needed.
- Stay updated on emerging technologies, trends, and best practices in web development to continuously improve skills and workflows.
- Contribute to the planning and execution of website migrations, upgrades, and redesign projects..
